MARINE ENLISTMENTS

RICHMMOND, VA. — The Marines are again accepting married applicants with no other dependents for enlistment.

Marine Recruoting Sergeant Raymond O. Wilkerson of Lynchburg Recruiting Station, announced that a directive from his headquarters has given him the authority to enlist married men who attain an Armed Forces Qualification Test score in the highest two mental groups.

Applicants and their wives must be of the understanding that there are certain limitations on dependents' travel reimbursement, shipment of household effects, and dependents' housing. They must also understand the probability of assignment overseas unaccompanied by dependants.

Married ex-Marines who desire to reenlist and are below the pay grade of E-4 with less than four years service may also qualify under this directive.

Although the directive has authorized additional enlistment categories, the enlistment standards have no changed. It calls for "continuing emphasis on the procurement of the highest caliber of both male and women recuit applicants."

Sgt. Wilkerson visits the Post Office in Appomattox the 1st and 3rd Thursdays of each month from 1 p. m. to 2:30 p. m.

SOUTHALL PORTRAIT IS PRESENTED

On Sunday afternoon, June 17, an oil portrait of the late Dr. Alger Sinnott Southall, Jr., of Louisa, was presented to the Louisa medical Center and the people of the county by the KS Club.

In a brief ceremony Mrs. W. L. Blankenship, president of the KS Club, in making the presentation said "It is a great honor to be able to serve one's fellowman in the role of a physician. It is an even greater gift to be a friends. One does not have friends without being one himself and the great number of friends that Dr. Southall had shows clearly his relationship to the people with whom he lived and worked.

"In gratitude for the untiring service he gave to the People of Louisa County, the KS Club is proud to present this portrait, very ably done by Mr. Albert Vondra, to the people of Louisa County. It will be placed here in the Louisa County Memorial Service Center, in memory of a good doctor and a good friend."

Mr. Henry J. Woolfolk, president of the LMO, accepted the portrait on behalf of the hospital, and cited the great service rendered by the late Dr. Southall. Rev. Joe T. Carson gave an appropriate prayer.

The service was held in the lobby of the hospital and due to limited space only members of the Southall family, hospital staff and KS Club were present.

Know This Sign

It could save your life

Yellow and black community fallout shelter signs such as this are appearing in parts of the nation and should be up in most communities by the end of 1962.

They identify fallout shelter spaces for 50 or more persons found in cities and towns across the country as a result of the national civil defense program now directed by the Department of Defense. The shelters are or will be stocked with a 14-day supply of food, water and other necessities.

The design and colors were chosen to be easily seen and identified by persons at a distance.

Buying Power Above Average

VISITED KRAUS FARM

An unusual "treasure hunt" last Wednesday helped a favorite Junior Woman's Club project. Two members of the local club and their young helpers visited the Martin Kraus farm in the Stonewall Community, near Concord, to gather up "Vet's" dog food labels.

The Kraus' have more than 40 pedigreed Chihuahua dogs. And that adds up to a lot of dog food over several months' time. An afternoon's picnic and "hunt" yielded several hundred labels. They are sent through the State Woman's Club Federation to the Pilot Dog Foundation of Chicago, Ill. This foundation provides "seeing eye" dogs for the blind plus training while dog and master get acquainted.

Since the Kraus' breed and raise the tiny Chicuahuas, they plan to keep on buying "Vet's" food. And for Mrs. Ronald Lewis, of Appomattox — the chairman of the "Vet's" collection drive, it was a successful "hunt" for one day, and the promise of a big boost to the year's count in labels for "seeing eye" dogs.

GIVE BLOOD MONDAY

The Bloodmobile will be at Liberty Baptist Church on Monday July 23, from 11:30 a. m. until 5:00 p. m. Due to the heavy demand of blood during summer months Appomattox County has been Scheduled for this visit. This visit will not affect our annual quota of 250 pints. We should attain this goal much earlier now that we will be three times a year rather than the usual two.

Blood is needed more but much harder to attain during the summer months due to hot weather, school not operating and vacation.

Come and give a pint and bring a friend along, it could save two lives during this heavy vacation traveling period.

Harris Reunion

The annual reunion of the late Tandy Harris Family will be held July 28th and 29th at the Bear Loop Hunt Club in Clifton Forge, Virginia.

All relatives and friends of the family are invited to bring a picnic basket and renew old friendship. Those wishing to stay one night are welcomed .

Biography of a four-time widow: She first married a millionaire, then an actor, then a preacher, and then an undertaker. One for the money, two for th show, three to make away, and four to go. —Skyscraptor, U. S. Naval Air Station, N. Y.

"For years," said the little woman, "I didn't know where my husband spent his evenings. One night I got home early, an there he was." —Golden Gates.

NEW YORK, July 16 — Appomattox County stands out as a strong market, with a buying power that is better than average. The finding is based on a national economic survey covering the past year's business activity.

Despite the fact that the nation was just emerging from a depression, which carried over the early part of 1961, business locally showed a rapid recovery.

The copyrighted report, which gives figures on income and spending for communities in every part of the country, has just been issued by Sales Management.

It shows that income in Appomatox County was high in the year. After payment of personal taxes, there was left a net of $10,671,000, an increase over 1960's total of $9,820,000.

How much this amounted to at the family level, was determined by dividing the income by the number of households. The average per household was $4,446.

What was done with all this money? For several months local consumers continued spending cautiously as they had during the depression.

Then, as the signs of the upturn became more convincing, they began to loosen up. Toward the end of the year, when the economy was again in full swing, they were spending freely.

The vigor of this late wave of buying turned the year into a good one for Appomattox County's retail stores. The sales volume reached $6,501,000.

The survey grew each community a rating as to market strength, taking into account such factors as income, retail sales and population. The composite figure is called an "index of buying power."

Appomattox County is given an index rating of .0030 percent, it is apparent that some of the local business potential is yet to be realized.

Economists are predicting that the nation's consumers will continue spending at their present rate for some months to come, barring unforeseen events on the international front and instability at home.

SUB-DISTRICT MEETING

The monthly meeting of the Appomattox Sub-District will be held at Mt. Comfort Methodist Church on Saturday, July 21 at 6:30 p. m. A covered dish supper will be served at 6:30 p. m. The business meeting will be held afterwards.
